

Mark Reed at Canoga Park Parade: What Mark Reed Wants Brad Sherman To Know

Posted by Mark Reed on April 22, 2014

BRAD SHERMAN: Will you have **FOUR** entries in the Memorial Day parade (election year 2012), will you loop back around so you appear **TWICE** in a parade honoring our military?

BRAD SHERMAN will you continue to make money off the donations of your supporters via unspecified interest on personal loans to your campaign?

November of 2014 Americans in the SFV have a chance to elect a working Congressman who will stand up to and review the EXECUTIVE ORDERS and policies put in place which usurped the power of Congress. Obama has increased the debt to over 17 trillion dollars, increased welfare spending by 60% and 43 million people are now collecting food stamps. Over nine million jobs have vanished, millions have given up looking for work and the unemployment rate remains stubbornly high. Economic growth is stuck in the 2%-3% range. World respect for the United States is at an all-time low. Our Mid-East policy is in complete disarray. AND the very good people in Ukraine have thousands of military looming over them.

The ability to HELP voters, citizens, residents, the next generation of voters CAN and SHOULD start with SFV being REPRESENTED in DC by a Congressman intent on respecting the value of the work of men and women in the military. NOT always looking for another vote.
